14 ~~nonpoint source nutrient loading to a water body.~~

15 (b) The local government has verified harm to human health  
16 or harm to the environment which warrants additional consumer  
17 fertilizer requirements; or

18 (c) The local government will improve water quality or  
19 prevent future impacts of consumer fertilizers on the  
20 environment.

21 (5) If the local government proposes more stringent  
22 standards, it must document ~~documents~~ that it has requested and  
23 considered all relevant scientific information, including input  
24 from the department, the institute, the Department of  
25 Agriculture and Consumer Services, and the University of  
26 Florida's Florida ~~Florida~~ Institute of Food and Agricultural Sciences,  
27 if provided, on the need for additional or more stringent  
28 provisions to address fertilizer use as a contributor to water  
29 quality degradation. All documentation must become part of the  
30 public record before adoption of the additional or more  
31 stringent criteria.

32 (6) ~~(3)~~ Any county or municipal government that adopted its  
33 own fertilizer use ordinance before January 1, 2009, is exempt  
34 from this section. Ordinances adopted or amended on or after  
35 January 1, 2009, must substantively conform to the most recent  
36 version of the model fertilizer ordinance and are subject to  
37 subsections (2)-(5) ~~(1) and (2)~~, as applicable.
